

SCENE 80:

INT. PHIL'S DORM – NIGHT

Delila is dressed wickedly.

Phil, stares at her with passion in his eyes.

DELILA
You know you want me!

Phil is caught off guard by what she just said.

PHIL
Excuse me!

Delila walks up to him, in a seductive fashion.

DELILA
What else do you think that we came
here for?

PHIL
Well, I'm not one to object to fast
women but..

She walks up to him and places her hand over his mouth.

DELILA
Shhhhhh, enough talk.

Delila kisses him.

PHIL
Damn girl, that was good!

DELILA
I know. Want some more!

PHIL
Uh huh.

Delila then kisses Phil, first on his mouth, then she works her way towards his neck.

Phil is enjoying every minute of it.

What he doesn't notice, but the audience does, as Delila nears Phil's neck, her sharp vampire teeth appear.

The CAMERA CLOSES IN as we get a better look of the vamp teeth.

Delila stops herself, and instead digs her fingernail into Phil's wrist, breaking his skin and causing blood to flow out.

PHIL
Ouch.

He tries to see what Delila is doing, but she pushes his head back with her left hand over his eyes.

PHIL
What are you..

Before he could finish his sentence, Delila begins to suck his blood, without biting but with some licking.

Seconds later, as she finishes, she opens her mouth and slowly closes and opens her eyelids while gazing at him.

Phil backs away from her.

PHIL
Who are you?

She hypnotizes him with her eyes.

DELILA (hypnotizing form)
You will remember nothing.

She then composes herself and walks out the door as if nothing ever happened.

DELILA
Thanks for a good time.

Phil stares at her, trying to remember what happened between them.
